Application for Kentucky Innovation Investment (KIIP) SBIR micro–grant

IMPORTANT

KY Innovation, within the Kentucky Cabinet for Economic Development (CED), operates the Kentucky Innovation Investment Program (KIIP). KIIP exists to help those entrepreneurs and new companies land the highly competitive and prestigious SBIR/STTR federal grants. Assistance comes in the form of outreach, recruitment, analysis, expert grant writing assistance and post grant management assistance.

This grant provides financial assistance for activities that help companies explore new markets, identify new opportunities, and strengthen competitive SBIR/STTR submissions.

The information collected in this form will be used to determine your company's eligibility for KIIP micro-grant financial assistance. Submission of this form does not in any way obligate your company to accept assistance services. Your signature on this document does obligate your company to the terms and conditions contained within only if your company accepts an offer of KIIP micro-grant assistance.

Eligible companies may receive up to \$4,000 in KIIP micro-grant assistance for approved SBIR/STTR development activities. Stories and information related to your company's success resulting from assistance through the KIIP micro-grant and/or KIIP services will be shared with CED and SBA.
